About Me

A graduate of the Tunas Bangsa Academy of Informatics Engineering with a GPA of 3.82, majoring in Information Management, with a strong focus on building Laravel-based web applications. Experienced in developing several web applications and digital designs, supported by roles as a teaching assistant, an intern at a technology company, and a freelance project developer. Actively involved in organizations and accustomed to working collaboratively within a team.

Education

2022 - 2025 | Tunas Bangsa Academy Of Informatic Engineering | Information Management

- Final Project: “Web-Based Attendance Management Information System for TPA Students Using Laravel 12 (Case Study: Nurul Haq Mosque, West Jakarta)”

2019 - 2022 | High School Tanjung Jakarta Barat | Officee Admnisitrasion

Work Experience

March - May 2025 | Internship | Fullstack Developer (Laravel) | PT. Radar Teknologi Komputer

- Developed website content and pages for coastal areas along the South Beach region affected by marine pollution.
- Conducted client website needs analysis and performed manual testing on features prior to deployment.
- Built a dynamic portfolio website using Laravel 12.

July - Now 2025 | Assistant Professor | Tunas Bangsa Academy Of Infomatic Enggining

- Assisted lecturers in delivering lessons on flowcharts using draw.io.
- Explained Level 0 and Level 1 Data Flow Diagram (DFD) concepts to students.
- Guided students in understanding data relationships through Entity Relationship Diagrams (ERD).
- Implemented databases into program code using HTML, Bootstrap, PHP, and MySQL, applying campus-related case studies and one-to-one as well as one-to-many relationships, supported by the use of an AI agent.

2024 - now | Freelance

- Designed a range of visual assets for clients—including UI/UX elements and promotional materials—using Canva and Figma, such as banners, large-format prints, and posters.
- Developed several websites, including company profiles, news portals, and foundation websites, each tailored to the specific needs of the client.

Organisasi

2022 - Now | Leader Of Risnha | Nurul Haq Mosque

- Led a youth organization under Masjid Nurul Haq focused on the development and mentorship of Muslim teenagers.
- Coordinated team collaboration across various religious, social, and character-building activities.
- Contributed to program planning and internal problem-solving to improve the quality of human resources within the mosque's youth community.
- Served as the organization's chairperson for over two years, overseeing a team of approximately five active members.

Certificates & Awards

- Web Fundamentals Training Certificate – LSP Training
- Best Student Award – Tunas Bangsa Academy of Informatics Engineering

Skill Tech

Main Tech Stack

- PHP (Laravel)
- MySQL
- HTML, CSS
- Tailwind CSS / Bootstrap
- JavaScript

Tools & Support

- Git & GitHub
- Visual Studio Code
- draw.io
- Canva, Figma
- Microsoft Word, Excel, PowerPoint
- AI tools for Developed web

Soft Skill

- Able to adapt quickly to new technologies and tools.
- Capable of working both independently and collaboratively within a team.
- Strong communication skills for coordinating tasks and teamwork.
- Demonstrates a responsible and disciplined work ethic.
- English proficiency: able to read technical documentation and programming references.
